

Putters Golf and Lawn Bowling Club

They say putting is half the game, here to every good putters delight it's the whole game. The only trouble here in Mammoth Flats, Texas is that high maintenance expenses and union flag holders makes dues enormous. One can save however as only one club and ball are ever needed. With the greens stinted at 38, enormous putts are possible. Good putters are usually happy lagging up. Great putters on occasion will go for it. Here we see Ben going for one enroute to a course record 24. Personally signed by the artist. Overall size ca. 18" x 24" (ca. 45 cm x 61 cm)
