

Wild River Golf & Hiking Club

This is located on the wild Temperance River whose rapid waters twist and roar down through a 220 foot drop to meet and wed the Lake Superior's sky blue Gitchee Gumee. With water everywhere the only shot here is a perfectly timed ball executed to the center of a postage stamp green. But whoa! Anything less than perfection could lead to double, triple, or quadruple bogies with the possibility of scores that simply don't have names. Personally signed by the artist. Overall size ca. 18" x 24" (ca. 45 cm x 61 cm)
